

Nathaniel Caramelo

Project Assistant | Administrative & Training Operations Support | Remote
Hilongos, Leyte, Philippines (PHT, UTC+8) | +63 995 107 1531 | n.caramelo@protonmail.com

PROFESSIONAL SUMMARY

Project Assistant with 7+ years at Offensive Security (OffSec), a global cybersecurity training and certification provider, supporting live training delivery, exam operations, and cross-team project execution. Led teams of up to 17, built the Budget and Training Tracker that became the team's standard tool, and served as a key point of contact between corporate stakeholders and technical instructors. Skilled in Jira, Monday.com, Confluence, Excel, and Google Workspace. Open to remote roles with US and EU hour overlap.

PROFESSIONAL EXPERIENCE

Project Assistant | Offensive Security Certifications Inc. (OffSec) | March 2022 – January 2026

- Led end-to-end delivery of live instructor-led training programs, aligning client expectations with internal resources while maintaining consistently high client satisfaction scores.
- Designed and built the Budget and Training Tracker from scratch, improving the efficiency of Live Training operations and establishing it as the team's standard tool.
- Served as secondary liaison between corporate stakeholders and technical instructors, aligning on project scope, timelines, and resource allocation throughout the project lifecycle.
- Supported Project Managers across departments, coordinating instructor travel logistics and resolving technical issues in real time for virtual and in-person sessions.
- Maintained consistent tracking and documentation in Jira, Monday.com, and Confluence with no critical backlog, strengthening cross-department collaboration.

Exam Proctoring Team Lead | Offensive Security Certifications Inc. (OffSec) | May 2019 – March 2022

- Led and mentored a team of 17 proctors, building a culture of accountability and high performance in a regulated, high-stakes exam environment.
- Managed scheduling and resource allocation across the team, achieving 100% operational coverage during peak exam periods with zero missed slots.
- Standardized daily operational workflows, improving team productivity and task completion rates within the first quarter of implementation.
- Introduced a digital tracking system for team assignments that eliminated administrative overlap and improved communication clarity.
- Spearheaded user acceptance testing (UAT) and product development of the Proctoring tool.

Exam Proctor | Offensive Security Certifications Inc. (OffSec) | November 2018 – May 2019

- Monitored remote test-takers under strict anti-cheating protocols to protect the integrity of globally recognized cybersecurity certifications, handling secure testing materials with zero reported violations.

Team Leader | Gee Pacific Technology Services Inc. | February 2018 – October 2018

- Led a team of 30 handling back-end banking transactions for an e-sports gaming company in a fast-paced, high-volume environment, managing complex scheduling and keeping the team current on process changes.

Banquet Assistant Supervisor | Sarrosa International Hotel & Residential Suites | September 2016 – September 2017

- Supervised daily banquet operations as the front-line client contact and coordinated on-call staff scheduling, ensuring smooth execution from setup to service.
